About Volunteers of America Oregon

Volunteers of America Oregon is one of 40 affiliates of a national non-profit, faith-based organization dedicated to helping those in need rebuild their lives and reach their full potential. Every year our 18 social service programs help more than 9,000 adults and children.

Since 1896, our services have supported and empowered Oregon's most vulnerable groups, including the elderly, at-risk youth, at-risk families, men and women returning from prison, domestic violence victims and those recovering from addictions.

Our work touches the mind, body and heart of those we serve, integrating our deep compassion with highly effective social service programs.

Catering for a cause

It makes sense. When you consider all the overhead associated with providing meals (the time it takes to order food and supplies, plan menus, manage a kitchen and staff, and considering spoilage and liability), it makes sense to ask us for a bid. Because we're so flexible, provide extensive variety, and take advantage of the economies of scale, we can save you money.
