## About VOA Oregon

Helping Oregonians since 1896, Volunteers of America Oregon (VOA Oregon) is one of the oldest non-profit service agencies in the state. That means more than 122 years of continuous service and countless success stories from the people whose lives have been changed and the families that we help strengthen.

VOA Oregon has been an enduring, effective organization because of our innovation, creativity, and commitment to results and outcomes. Serving 19,000 adults and children in 32 active programs in the community, our ongoing endeavor to determine our community's needs, and developing services for meeting those needs, will help us to continue our mission to change lives by promoting self-determination, building strong communities, and standing for social justice.
