

# Spring is in the Air

The sun is out and so are the volunteers! This April and May close to 50 volunteers came to VOA Oregon to dig, plant, clean, and more in our gardens and yards. With so many hands, we're able to accomplish so much more.

At Lambert House, volunteers from The Standard Insurance helped dig up the front yard and build a rock river to prevent flooding. The garden also received new mulch and plants, and the seniors helped paint some beautiful wooden tulips and bird houses to brighten up the outdoor space. Despite the rain, the volunteers were happy and hard working!
